

**MGM International**  
Multiplying Leaders for the Great Hispanic Harvest

## News from Allen and Bella Lund

September 2018

Dear Friends,

We thank you for your part in the ministry of reaching and teaching Hispanics in the USA and around the world. In July we had the privilege to travel to Hampton, Virginia, twice to preach and teach at Iglesia Bautista Betel while the pastor was visiting his family in Columbia. It was a very blessed time to share God's Word and encourage the Hispanic brothers and sisters in Christ. We were able to complete the stewardship series that we started at this church last year during the missions conference. Praise the Lord for the excellent response to the teaching and preaching.

Soon after our time in Virginia, the Lord allowed us to make an almost two-week trip to Costa Rica. Besides visiting family and friends, God gave us the joy to encourage the church family in Ciudad Quesada. Allen had five opportunities to preach and teach for the two Sundays, the midweek service, meet with the men on Saturday, and challenge the teens Saturday evening. Pastor Mario is doing a wonderful job shepherding the flock. Our hearts rejoice to see how Daniel and his wife, along with several other leaders, are being used of God to bring children, teens and adults to Christ.

Our first Sunday at the church the teens gave testimonies of their week of camp and how the Lord worked in wonderful ways during those five days. Our hearts were filled with joy to see how one young lady who had gone astray a few years ago, has now repented and returned to her home and church family and is again actively serving the Lord.

For the next 10 Sundays Allen will be teaching *Conceptos Financieros* (Financial Concepts) at our home church in Greenville, SC. Allen taught this course on financial stewardship last year at the seminary in Mexico. Pray with us that we could help equip the men of our church to wisely use the material resources God has given us to administer for His great glory. Pray for wisdom to plan upcoming trips and ministry opportunities.
