News from Bacilio and Eunice Alfaro

Dear Praying Friends,

September, 2018

Greetings in the name of our Lord. The summer months came and went with many activities in many different areas. In May we were in the Mexican states of Coahuila in various places, as well as in Queretaro. We went on to Colorado; Sinaloa, Mexico, in various cities; Illinois; and Wisconsin in June.

In July we were in Toluca, (Mex), the Dominican Republic, Michoacan, (Mex.), Morelia (Mex.). While were in Michoacan we had the opportunity to speak for a week at Campamento META. It is a camp for young people begun by Missionary Jim Gardner. The Lord blessed us that week as a good number of young people came to know our Lord as Savior, and many other young people got their hearts right with the Lord, while others surrendered for fulltime ministry.

In August we were in Morelia, and Guanajuato, also states in Mexico. We then went to North Carolina where our youngest daughter, Stephanie, was to be operated on for a tumor in one of her ovaries. How we praise the Lord for His watch care over her. The tumor measured 30 x 17 x 27 (those are centimeters). During her surgery, so as not to make the incision any longer than absolutely necessary, the doctor drained 11 liters of fluid before they removed it. They did not find any cancer. How we praise the Lord for that. Eunice stayed for close to three weeks to help out with every day needs and to take the children to school.

In September we were in North Carolina, Honduras, and the Monterrey, NL, Mexico, area in a couple of different places. Just this past Sunday, in Monterrey, 65 people came to the Lord for salvation, 25 were baptized, and others came forward to get their hearts right with the Lord. We generally do not emphasize numbers, but it was such a blessing to see how the Lord worked both in the men and ladies' classes, as well as the church services. Couples got their lives right concerning their conjugal lives and their family lives corrected. One comment made by one man was, "Wow, one comes thinking all is well in our lives, and we hear God's Word preached and realize how far from the Lord we really are." That folks, is the power of God and His Word. Oh, how we covet your prayers that the Lord will continue to work and cleanse our lives so that we can be used by Him in others' lives.

While in Tegucigalpa, Honduras, we participated in a conference with other pastors that the Lord greatly blessed. A building was rented to the church hosting the conference by the convention. As a result, two of the leaders—convention pastors—attended the conferences. They were so convicted by the Lord during the services that their comments were, "This is exactly what we need in our churches. We want to come back to your conference next August and bring our church people and many of the pastors that are in the convention." The two of us will be going back next year in February to meet with many of the convention pastors (there are over 500 of them) to share with them what Fundamentalism is all about and the importance of separation from the world. Our prayer is that many of those pastors will "come out and be separate" as the Lord behooves us in His Word. Please, please pray for us on Friday, February 8, as we have this meeting with those pastors.

Folks, we are seeing so many homes that are torn up with the results of sin in the home and in individual's hearts. May we plead with you to keep the worldly influences as far from your children and yourselves, as far as possible. It isn't worth it to dabble in the things of this world.

Thank you so very much for your prayers and sacrificial giving so that we may continue to serve our Lord. It is truly a privilege for us to represent you in the different areas. Let us assure you that the Lord has brought about many results in the many places that we have been, and that is placed on your account also. We are a team!

In the almighty hands of our all-powerful God,
Bacilio and Eunice Alfaro
