Multiplying Leaders for the Great Hispanic Harvest

## News from Dick and Margine Mercado

May 5, 2017

Dear Ones in the Lord,

Margine and I join in sending you special friends and partners in the gospel our deep thanks for your prayers and faithful support across the years.

We continue to see the Lord's faithful leading and opening of doors of serving Him even in our days of retirement—Praise the Lord!

Almost daily He grants us opportunities to witness for Him and share the gospel message with precious souls. Recently He opened the door for us to give the salvation message to a neighbor family. The husband (police patrolman) and his wife (mother of two grade-school children) live across the street from our house. After more than an hour of Bible study and the plan of salvation, they both bowed their heads and hearts, and with many tears, prayed to receive Christ as their personal Saviour—Praise the Lord! Please pray for them and others who have also prayed "the sinner's prayer" in recent days.

We also covet your fervent prayers for Margine and me as we face issues of declining health. Margine continues to wrestle with recovering from her last mid-August fall in New England. And I (now in my 88<sup>th</sup> year) am facing a serious Aortic Stenosis heart surgery on Tuesday, May 16. Your prayers on our behalf will be deeply appreciated. And we are praying the Lord's very best for you and yours.

Yours very gratefully—under the same Feathers,  
Dick and Margine Mercado
