December 2019

Dear Prayer Partners,

We would like to wish each one of you a blessed Christmas brimming with the richest blessings and opportunities to serve our Lord in the coming New Year. It is difficult to believe that this year has flown by so quickly. I am sure that one of the reasons that it flies so swiftly for us is because we are so constantly on the go to hither and yon preaching and teaching God's word.

God has been so good to us throughout the years that there are no words in our vocabulary, neither in English nor Spanish, to express our gratitude, first to our Lord, and then to all of you. You have so faithfully prayed for us and supported us. Believe us, we have felt your prayers so very much.
