October, 2021 – January, 2022

Dear Praying Friends,

We trust that now that the New Year is into its second month you are seeing the Lord bless in a renewed way and that God's people are continuing strong for our Lord.

In the last part of September and the first part of October Bacilio was in Tampa, Florida, for almost a week of meetings, along with another evangelist. We then went on to Puerto Cortes, Honduras, for a ladies' conference that Eunice was involved in, and Bacilio was invited to speak in three different churches over the weekend. In November we were in a family conference in Knoxville, TN, and Bacilio preached in Illinois with Bro. Elmer Fernandez. In December we were in Los Mochis, Culiacan, Sinaloa, Mexico for a conference. They decided to celebrate our 51st wedding anniversary. They made us feel extra special during that time. Then it was on to Bradenton, FL, for a weekend of meetings. The next weekend we were in Bay Shore and Brooklyn, NY. Talk about going from one extreme to the other. It was beautiful in Florida and very cold in New York. These bodies were so long in subtropical weather, that the cold has a way of going right through us, but we lived to tell the story, and the Lord blessed our ministry in the warm and the (brrr) c-cold.

The Lord gave us the opportunity of having all but one of our children in our home for Thanksgiving. It was a blessed time for us, although Rebekah and Jeff were sorely missed.

On New Year's Eve, we were again in Knoxville, TN. Bacilio had the opportunity to preach that weekend and on New Year's Eve. Would I be telling on us if I told you that we did not stay to usher in the New Year but went back to the hotel after the actual service was over? Oh, well, I guess I just confessed.

We were to have gone to Bogotá, Colombia, the second week of January, but we had to cancel as we ended up with a case of what we believe to have been Omicron, which were very light cases, praise the Lord. Just more antibodies. The last meeting was in Guadalajara, Jalisco, Mexico, where three souls came to the Lord and two surrendered to the Gospel ministry. God is so good with the increase that He gives.

On December 23, 2021, Eunice's 44-year-old nephew, Stephen, suddenly went to be with the Lord with an aortic dissection. He had had no apparent physical ailments; it was just the Lord's time to take him to Himself. We, as a family, have been praying that the Lord will use it in the lives of all the aunts, uncles and cousins, to draw us all closer to the Lord. Stephen had a good testimony and walk with the Lord, for which we are eternally grateful. We would ask you to pray for his wife and two daughters, his parents, and a myriad of aunts, uncles and cousins.

On January 1, the Lord took Eunice's oldest sibling, Faye Jordahl, home to be with Him. Faye had had Parkinson's for a good number of years, which resulted in Alzheimer's. We are so grateful that

she has been healed in every way and **is** rejoicing in the very presence of our Lord. Please pray for Ron, their three children and grandchildren.

Prayer requests:

Please continue to pray for Bacilio's kidneys. They have gone from 19% to 18% function. We are reworking his diet again.

Please pray for Yalisa Calderon and Merari Sol who both raised their hands at the invitation but did not accept the Lord in the Honduran ladies' conference Eunice was involved in. Eunice has had some interaction with Yalisa online, but as of yet, to our knowledge she has not been saved.

We are so very grateful for your faithful love, prayers and support throughout the years. Without them, it would have been very difficult to continue in ministry. He has used you, and we thank you.

In the hands of our almighty God,

Bacilio and Eunice Alfaro
