Jan, 2024

Dear Prayer Warriors,

We trust you had a great time rejoicing in the birth of our Lord and in receiving a New Year in which to continue serving Him.

Puerto Rico Baptist College is continuing to receive new students who need help to be able to prepare for the Gospel ministry. As the Chancellor of PRBC, I plead with you to keep it in your prayers.

Just a quick update about our current situation. As you know, Bacilio has been going in for hemodialysis since October. Lord willing, on January 31, Bacilio will be undergoing a surgical procedure to have a port installed to begin peritoneal dialysis, which we will be able to perform at home during the night. We have been told that it is a much more natural procedure and not as demanding on the body. Our living schedule will be on more normal basis without having to report at the clinic 3 days a week for 3-4 hours each time. Please be praying for us as we embark upon another new aspect of life.

PRAISE!!! As we have stated before, a different phase of life may necessitate a change in ministry, but not a cessation of ministry. As of Sunday, January 21, 2024, an Hispanic ministry, as a part of our home church, Bible Baptist Church, in Hampton, GA, began. The Lord gave us a great first service with an attendance of 41 people. Admittedly, the majority of those in attendance were delegations from two sister Hispanic churches in surrounding areas that came as an encouragement to the birth of the new work. Some have felt that the Lord is leading them to continue to help us for a time, with their pastor's blessing. This is still a missionary effort by faith as the church is not able to support us financially, though, what a tremendous support they have been and are spiritually. Many Hispanics are moving into the greater Atlanta area and the need is great. Please pray that the Lord will raise up many more helpers in this endeavor, and many others will come to know our Lord and Savior.

Thank you for your continued spiritual and financial support to our Lord and to us through the years. We trust you would consider this ministry as a missionary endeavor. Please continue to pray that the Lord will use us, yes, even in our senior years. His grace is more than sufficient.

In the almighty hands of our All-Sufficient God,

Bacilio and Eunice Alfaro
