

# HORNOR FAMILY

September - October 2022

## SEPTEMBER

This month we began a midweek Bible club during our prayer service on Thursdays. We praise the Lord for the help of our teens, my wife, and some ladies from church. Also, since September there have been about 15-20 attending every Thursday.

Youth leading the games

By God's faithful provision, the church was able to upgrade its exterior wall banner to 3D letters. It turned out great, and the whole town loved it.

The letters also come with backlighting and makes it really easy to read at night.

On Sept. 25, our church held the monthly men's fellowship with our dear sister churches in the area. About four to five churches were able to attend, we all enjoyed good fellowship, and I gave a brief challenge from God's Word.

## OCTOBER

This month I renewed my participation with Baseball Chapel, and I was very encouraged at the way the players and coaches were glad to see me again. I have made good contacts this year with the players.

Following my Baseball Chapel ministry, I have begun having a Bible study with the husband of a couple from our church. We have had two studies so far. Please pray for his salvation.

Mid-October the church was invited to one of our young lady's *quinceaños*, like the "sweet sixteen" birthday. It was a blessing to officiate the ceremony and to see her desire to follow the Lord.

Continue to pray for her faithfulness to the Lord's leading in her life.

Sunday, October 16, a visiting couple raised their hands during the invitation to receive Christ. I spoke with the gentleman, and a faithful sister in Christ spoke with his wife. Both of them made a profession of faith and have continued to

send their kids to Bible club on Thursdays and have been faithfully attending our discipleship class during Sunday school. Please pray for their spiritual growth. Little by little they have been integrating into their new family in Christ.

## Praises/Prayer Requests

- Please pray for the kids that are attending Bible club.
- Pray for spiritual growth of the couple that was saved in October and that as a family we can be an encouragement to them.
- Pray for the ministry of Baseball Chapel as I continue to preach Christ to the baseball players.
- Pray for the Bible studies I have with the husband of a couple from church. Pray especially for his salvation as a result of these studies. We are studying "The Exchange," by Jeff Musgrave.
- Pray for *Belén* and *Lupita*, the two young ladies preparing for ministry at IPES in *Hermosillo*, that the Lord would continue to provide for their different needs.
- Pray for our Christmas program on December 22 that the Lord would be glorified and people would come to know Him. We have already begun preparing for that event with a drama and specials in song.
- Pray for spiritual strength for the families from church.
- Pray for us that the Lord would give us wisdom and grace as we minister and serve others.
- Pray that the Lord would give us patience and grace as we home-school our kids.

Preaching Christ in Sinaloa,
