## Dear Friends, Family & Supporters,

We are very thankful to every church and individual who helps us spread the Gospel in Sinaloa, Mexico, and in countries like India, Pakistan, Nepal, and Myanmar. Your support is vital to our mission.

### ● Update from Mexico

We are happy to announce that we are expanding our sanctuary, building hope for the future. After nearly five years away, it has been a joy to reconnect with three generations—children, young families, and longtime friends.

Recently, while walking home from church after preaching to pastors in Nepal via Zoom, I saw neighbors linked to the drug cartel. I always try to have Gospel tracts ready to give out, and I had the chance to share the message, *This tract holds something you need to know*. I also spoke with a man whose grandfather once owned our church building. He shared fond memories of playing there, and I told him, *I've been waiting for you to visit us for 27 years*. He said he *didn't know how to receive Christ* after I shared the Gospel. I suggested gently that the real issue might not be *I don't know how* but rather *I don't want to accept Christ*.

Please pray with us for the thousands of lost souls in Sinaloa who are in darkness, separated from God, and facing eternity without the hope that only Jesus can offer. This issue is not different from what you face in your own community. We live surrounded by need; the solution is clear. We have been reconciled, and we have been given the message of reconciliation. May we all be ambassadors for Christ in Jerusalem, Judea, Samaria, and to the ends of the earth.

### ● History of Ministry to South Asia and a Brief Update

In January 2021, I (Tap) was contacted by **A.** on Facebook (name abbreviated for privacy and protection from potential persecution), which led to an invitation to preach and teach online for outreach efforts. I soon started a Facebook page called "[Ministry to South Asia](#)." Then **C.** contacted me, and I offered to help him with his church-planting ministry to remote and unreached Hindu villages.

Our outreach has expanded to two more states in India, along with evangelistic activities and discipleship programs in **Pakistan**, and pastors' conferences in **Nepal** and **Myanmar** (Burma). I currently hold Zoom meetings with five groups of pastors & teach informal Bible institute classes to 15 young church planters.

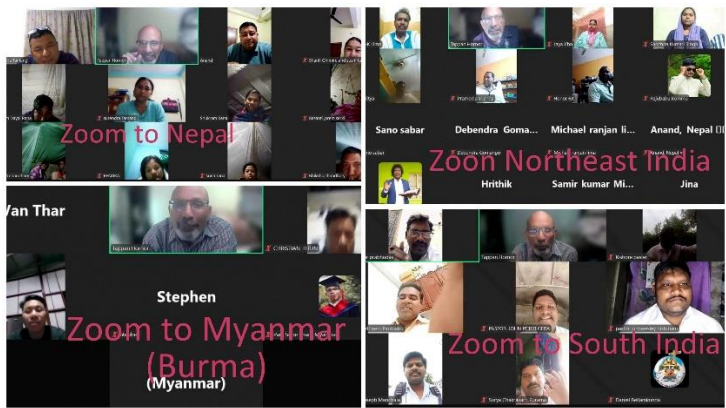

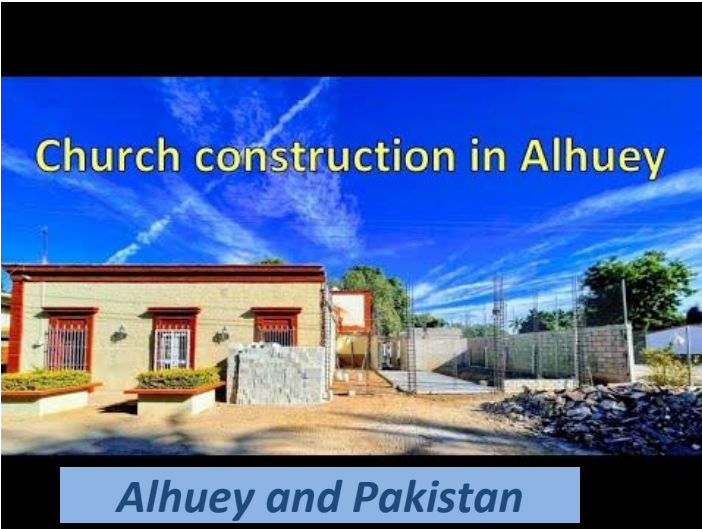

I also coordinate support for **six elementary schools**—three in Pakistan and three in India—providing education (including English) for over 390 Hindu and Muslim children. Eleven Christian teachers share the Gospel and teach the children to pray, give thanks, and sing about God's glory and goodness. Please pray for enduring "fruit" among entire families!
