Multiplying Leaders for the Great Hispanic Harvest

News from Janine Fox

June 2026

Dear Prayer Supporters,

I thank God for His faithfulness this past school year. For those who do not know, God has led me to continue preparing myself at International Baptist College and Seminary, so I am pursuing a master's in ministry with Church Music. At the start of last school year, I made a budget and saw the money I was going to make at my campus job combined with the support that I currently had was going to be barely enough to pay my school bill and other necessary expenses. But, due to generous donations, God has provided above and beyond what I have expected. I was able to pay off my school bill, and I was even able to buy a car close to the end of the school year, which will really help with deputation and with my church music internship at another church this fall.

I have really enjoyed my classes this fall, which were General Music Teaching, voice lessons, and Hymns as Theology. I also audited Music Theory. Although it may sound like I was extremely busy, it was not overwhelming. I profited from the class on music teaching especially, which was about teaching music to kids in a classroom, which I already had experienced in Mexico. Now I feel better equipped to continue teaching music to children when I return to Mexico.

I had the blessing of visiting Hermosillo for a few days, May 16-20, during the graduation week at Ebenezer Bible College and Seminary. I got to go to the sacred concert, convocation (like a baccalaureate service), banquet, and graduation. Three young ladies graduated with their bachelor's degree. I was invited to sing with the college choir during both the convocation and the graduation. I also got to go to the Bible club in Tres Reinas on Saturday and taught the lesson to the kids. It was also nice to see my two dogs that afternoon, who are being well cared for by people from church.

My plans for the summer are to stay here in Arizona for the month of June, continuing work at the daycare at Tri-City Baptist and contacting pastors in the area to set up meetings with other churches. Then I hope to spend time with family in July and return to Arizona early August, with a possible weeklong trip to Mexico at the beginning of August. My job at the daycare has been quite a challenge, but God has been using it to teach me to rely on Him for daily wisdom, patience, and love. I am thankful for this opportunity to help the kids and their families, and I pray that we can be a testimony and help to them.

Thank you for your continued prayers and support!
