News from Janine Fox

March/April 2021

Dear Prayer Supporters,

Thank you for your constant support financially along with your prayers. God has blessed me beyond measure with continued health. As I write this, I have a cold and/or allergies and possibly a mild temperature, which is quite common this time of year and no cause for concern as far as I can tell. It serves to remind me of the good health I have had all last year and this year.

In addition to health, God has blessed me these past couple of months with a printer and money for an oven (I have been using a small electrical stovetop without an oven), although I have yet to buy the oven. Thank you to those who have given towards these needs!

I also have been given an extra special blessing: a dog! I now have a companion in my apartment, an extra motivation to go on walks, and extra protection for the house at night and when I am out. I am rejoicing in this wonderful gift from God whom I named Suzy.

The pandemic seems to be settling down, which is a great answer to prayer; however, the school board has decided to continue with online classes for students until the next school year. By now teachers and students are accustomed to the technology and differences of an online education setting, although there are still times when I would love to be with my students, and I think they would love to see each other in person. We can also see it as another opportunity to trust God and His timing in what He allows.

At the beginning of April, we had some services in the days leading up to Easter Sunday to remember our Savior's crucifixion and resurrection, and the week after Easter we had our annual (except for last year) Bible conference. We were blessed by messages with the theme *Worthy is the Lamb*. I also had the privilege of helping with the special music, playing the piano and singing in groups. It was a wonderful week of services.

I have recently started going on visitation with a few ladies and one man from church on Tuesday evenings. We have been able to pass out many copies of the book of Romans and talk to many people, young and elderly, some ready to listen and some hardened. Please pray for a young man named Miguel Angel who prayed to receive Christ yesterday. He said he has received Christ several times before and was very eager to listen to us, so we talked to him about assurance of salvation and explained that God saves us once for all eternity. He listened attentively and then prayed once more. He is also very needy financially, living in an abandoned home, and possibly struggling with a drug addiction. Please pray that he will find true freedom in Christ and provision for all his needs, spiritual and financial.

Thank you for your prayers!

Janine Fox

Suzy loves walks but gets distracted easily and likes to sniff and see everything. 🐾

Other than on a walk, her favorite place to be is on the floor!
